New Life Fellowship Combined Campus Retreat

July 28-29 at Camp Tippecanoe in North Webster!!

More Details to come!

April was a good month for New Life Fellowship. Not only did we see steady growth in areas like attendance and Income, a necessary factor for the ministries we are attempting to carry out but we also set in motion new ministries that will enhance these and other areas, especially discipleship growth. Our Kick off banquet for the Yoke Servants Ministry was a glowing success in the sight of many who attended. It is ever so exciting to consider the benefits of having every member and visiting

attenders encouraged by someone who will be praying for them as well as seeing to their well-being and church relationship. Our leadership team thinks this will be one of the real enhancers to many needs in our fellowship. An area that has to be considered on a monthly basis is the faithfulness of our people in giving to support the ministries that God has led our Fellowship to adopt. Since Dr. Randy Dorsey, from Florida was here and challenged us to "Get to give, to get to give, to give" and promised that if we would try tithing

for 90 days and felt dissatisfied he would refund the giving. Not only has no one taken him up on the offering, we all seem to be happy givers. God is good---all the time. The other area of ministry that causes most of us who are leaders to come to attention is the number of volunteers coming to us this summer. It seems like most every week is filled with mission teams and yet there are a couple of areas that still need to be covered. Pray about it.

Pastor "T"

Columbia City Campus Report

The month of April was a good month at Columbia City. We had a great time with both our Palm Sunday service and our Easter Sunday Service with almost 30 in attendance. We also attended the Will Graham meeting the last Thursday in April. At Columbia City we spend as

much time fellowshiping after the service as we do in the service. We enjoy each other which is what I believe God desires as a body of believers. It's a great place to serve the Lord. Pastor Bob.

"I will praise the Lord at all times. I will constantly speak his praises."
Psalm 34:1
